

Mission •
to prevent and cure diabetes
and to improve the lives of all
people affected by diabetes.

July 1, 2008

Dear Jocelyn Sands:

Thank you for your recent donation of \$2, 281.00 to the American Diabetes Association (ADA). Because of your generosity, the ADA is able to support vital research, bring valuable education to residential and corporate communities, and advocate for the rights of all people affected by diabetes.

Your gift makes such a difference in our ability to provide much-needed programs and services for people with diabetes and pre-diabetes, as well as fund diabetes research. So many times, the difference between living a productive and healthy life with diabetes and suffering from terrible complications such as blindness and heart disease is being educated about diabetes.

Thank you again for your generosity, which makes such a difference in the lives of those with diabetes.

Sincerely,

The American Diabetes Association
