16 July 2009

Dear Jocelyn,

Thank you so much for your very kind donation of £2092 which we were delighted to receive here at Diabetes UK.

As you may be aware the beginning of 2009 saw Diabetes UK reach its 75th Anniversary milestone. On 10 January 1934, the Diabetic Association (as we were then known) was first formed to campaign for a national health service, and advocate that people with diabetes should take an active role in managing their condition.

75 years later we are continuing the good work that started all those years ago but we are now working towards our increasingly urgent mission: to find a cure for diabetes, and to improve the quality of life and care for people with diabetes until that cure is found. This work is only possible with the support of generous individuals like you and we are therefore extremely grateful for your ongoing support.

Thank you once again for your very kind gift

With kind regards,

Poppy Melchior
