Dear Jocelyn Sands

Thank you so much for your kind donation of £1265 to Diabetes UK. We are so grateful to the time and effort you put into raising this money to support our work and to raising the profile of our cause on Second Life.

Diabetes UK is entering an exciting period in our history. We are starting to campaign more for the rights of people with diabetes. We are also encouraging those people with diabetes to stand up for their own rights, through our 15 measures campaign. In the 15 measures campaign we are asking everyone who has diabetes to tell us whether they are getting their vital checks each year. These checks include blood glucose, blood pressure and cholesterol checks; monitoring of eyes, kidney function, legs, feet and weight. Once we collate this information, we can lobby the government to get equal services through out the country for people with diabetes.

Diabetes UK is also still investing in research into both Type 1 and Type 2 diabetes. This year we have invested £5.8 million in research projects and we intend to do the same in 2012.

We are so grateful for your continued support and fundraising for Diabetes UK. Please do pass on our thanks all those people on Second Life who donated to your campaign and attended your events.

With best wishes

Laura Watson
